Connectivity Night

Cost : Rp. 80.000.000,-

Sponsored a connectivity night, where all exhibitors gather to network within the industry and media. Your company logo will appear on the invitation and signage and got the privileges to delivering speech on the event.

Custom Made Function

We understand that in an exhibition you will need a private space to be able to present your product or services to your future clients. That is why we create the custom made function; where you could design your event within the event itself. There are so many ways; such as small seminar, a luncheon, cocktail or even dinner. Please feel free to discuss it further with our team.

Sincerely,

Mira Virgona
Project Manager
